An Important Note About Your Fan

Each and every Laurelhurst fan/grille is individually hand-crafted from start to finish.

No fan/grille will ever be exactly duplicated and subtle variations in casting and finish should be expected, and embraced - indicative of the fan's period roots and authenticity.

Please note that it is difficult to convey exact powder coating and plating finishes through photos.

Actual colors and finish may vary slightly.

The customization process should be fun – not overwhelming! Please use this section to make notes about color combinations you are thinking about and then give us a call.

We'd love to walk you through it. A helpful tip: Think about the architecture, colors, finishes, tiles, and fixtures in your bathroom and/or kitchen. These are usually great starting points for determining what colors and finishes will most suit your room.
